There need to be 6 people (over the age of 12) in the canteen at each time slot. During your allotted time slot, please check on the toilets and ensure that they are clear of litter and that toilet paper rolls are kept full.

* any players serving in the canteen will need to be relieved by parents in time to allow these players to warm up before playing

** these time slots are immediately following the player's games. Players will need to move to the canteen quickly at the conclusion of their game.

Some time slots are shorter than others. As best I could, the shorter time slots are when 6 people from the same team are required (sorry Teddy Bears, Legends and Comets!) The differing time slots also occur so that no teams are in the canteen whilst their team is playing.
